Click and easy

GP online services

You can now book appointments, order repeat prescriptions and even access your GP records online. It's quick, easy and your information is secure.

Register for online services at your GP surgery or to find out more visit nhs.uk/GPonlineservices

Did you know that since April 2015, you don't have to wait on the phone to speak to the surgery? Just like online banking, you can look at your GP records on a computer, a tablet or a smartphone, using a website or an app. You can choose to:

- ◆ Book and cancel appointments with your doctor or nurse online, when it suits you.
- ◆ Order repeat prescriptions online. Some patients have found that they save money and time as they don't need to make a special trip to the surgery to order repeat prescriptions.
- ◆ Look at part of your GP records online. You can look at your records whenever you want, even from the comfort of your own home, and find answers to questions you may have without ringing your doctor.

Online services are free to use and are just another way of contacting the surgery. You can still ring or come in the surgery in person like you do now.

Ordering repeat prescriptions online saves me a lot of time. If I realise I'm running low and the practice is closed on a Saturday, all I do is login, request the relevant medication from the drop down list and then pick it up a few days later

Adam, University Health Centre

PLEASE NOTE

The Surgery will be **CLOSED** for staff training on Thurs, 12th April 12.30-6.30pm

For urgent matters, please telephone the surgery and your call will be answered as soon as an operator is available.
